## **NEW HEAVY DUTY CNC TURNING MACHINE**

Modular concept, Common platform for models SUPERCUT 10/12/14

Robust spindle with big bore sizes

High rapid traverse 20 m/min - lesser non cutting time (x-axis)

Foot print approx. 7.4 sq.m. 4200x1750 - lesser shop space (basic m/c)

Integral hardened and precision ground guideways of 100mm x 40mm for Z-axis and 54mm x 25mm for X-axis - more bearing capacity

Precision ball-screw Fixed-Fixed , pre-stretched mounting - higher stiffness & accuracy

Slide in chip trolley or chip conveyor

Latest FANUC or Siemens CNC system

Turn Mill centers -Live tool and C- axis optinal.

# 1500 ABC

supercut 10/12/14
